Higher Secondary Education - Maths, Physics, Chemistry

2018 - 2020

CGPA: 9.54

Z.P.High School Kadapa, Andhra Pradesh

Secondary School Education 2006 - 2018

CGPA: 9.3

PROJECTS

Weather App

- Developed a responsive weather application using HTML, CSS, and JavaScript, integrating a third-party Weather **API** to display real-time data.
- Added features like location-based search and a 7-day forecast, providing a user-friendly and data-rich interface.
- Deployed the application on GitHub Pages with GitHub Actions for automated deployment and CI/CD.

To-Do List

- Built a to-do list app using React.js with React State management, implementing full CRUD functionality for seamless task management, allowing users to efficiently add, edit, and delete tasks. Enhanced user task management by **95**% through an intuitive and responsive interface.
- Utilized localStorage for persistent data storage across sessions.
- Designed a responsive UI to ensure a smooth and user friendly experience on all devices.
